Important details

This Summary of Benefits sheet is an overview of the Critical Illness Protection Plan being offered and is provided for illustrative purposes only and is not a contract. It in no way changes or affects the policy as actually issued. Only the insurance policy issued to the policyholder (your employer) can fully describe all of the provisions, terms, conditions, limitations and exclusions of your insurance coverage. In the event of any difference between the Summary of Benefits sheet and the insurance policy, the terms of the insurance policy apply.

Once a group policy is issued to your employer, a certificate of coverage will be available to explain your benefits in detail.

Dependent children are covered to age 26.

The associate must be enrolled in coverage in order for dependent coverage to be available.

Coverage continues, upon timely payment of premium, unless terminated because the person is no longer actively at work for the group or no longer meets the specific eligibility requirements stated in the policy; or benefits have been fully paid for qualifying conditions or the policy terminates. The policy is renewable at the option of the company. See the policy for terms and periods related to continuation during approved leaves.
