Protect your health and earn a reward

Your UnitedHealthcare Critical Illness Protection Plan includes a wellness benefit that helps pay for preventive care and other health screenings.

The wellness benefit may be money in your pocket

Many health plans cover blood tests, mammograms and other screenings at no cost to you.* So, getting a screening to meet your critical illness wellness benefit earns you money by using your plan.

To earn the wellness benefit, complete at least 1 of these screenings or tests:

- Blood test for triglycerides
- Bone marrow testing
- Breast ultrasound
- CA 15-3 (blood test for breast cancer)
- CA 125 (blood test for ovarian cancer)
- CEA (blood test for colon cancer)
- Chest X-ray
- Colonoscopy
- Fasting blood glucose test
- Flexible sigmoidoscopy
- Hemoccult stool analysis
- Mammography
- Pap smear
- PSA (blood test for prostate cancer)
- Serum cholesterol test to determine level of HDL and LDL
- Serum protein electrophoresis (blood test for myeloma)
- Stress test on a bicycle or treadmill
- Thermography
- Virtual colonoscopy

You could earn:

\$50
per year

Benefit paid upon completion of a covered wellness exam or health screening test; one covered test per calendar year.

* While many health plans cover preventive care without cost-sharing when provided by a network physician, some charges may apply to these services when they are considered diagnostic (for example, services rendered to treat a health condition). Check your benefit plan documents to see what services are covered.

Program rules

- 1 Screenings must be completed during the calendar year
- 2 A covered spouse/domestic partner and child can also earn a benefit
- 3 The benefit will only be paid for 1 test each calendar year, regardless of the test results. The benefit is paid in addition to any other payments you, your covered spouse/domestic partner and/or your child receive under the policy.
- 4 If you complete one of the above listed eligible screenings or tests and are also enrolled in the Accident Protection Plan, you will automatically earn the Accident Protection Plan wellness benefit without having to complete an additional screening or test

Maintaining or improving your health is important. Routine checkups and screenings can:

- 1 Help you avoid serious health conditions

Announcement: Required Hospital Indemnity Disclosure

The Departments of Labor, Treasury and Health and Human Services (the “Tri-Agencies”) now require a consumer notice be incorporated into materials related to both Group and Individual Hospital Indemnity Insurance. This federal mandate applies to all carriers offering these products.

Tri-Agency Disclosure:

IMPORTANT: This is a fixed indemnity policy, NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you’re sick or hospitalized. You’re still responsible for paying the cost of your care.

- The payment you get isn’t based on the size of your medical bill
- There might be a limit on how much this policy will pay each year
- This policy isn’t a substitute for comprehensive health insurance
- Since this policy isn’t health insurance, it doesn’t have to include most Federal consumer protections that apply to health insurance

Looking for comprehensive health insurance?

- Visit [HealthCare.gov](https://www.healthcare.gov) or call **1-800-318-2596** (TTY: 1-855-889-4325) to find health coverage options
- To find out if you can get health insurance through your job, or a family member’s job, contact the employer

Questions about this policy?

- For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners’ website ([naic.org](https://www.naic.org)) under “Insurance Departments.”
- If you have this policy through your job, or a family member’s job, contact the employer.
