A second speech bubble with lines indicating speech floats beside it. The question mark turns is replaced by a checkmark.

The web of animated icons appears again, then gold coins cover all the icons.

NARRATOR: Oh, and did you know that you can save money by using a network dentist? There are three quick ways to find one near you.

Three coins hover in the middle of the view. The left coins flip, revealing icons of a smartphone, laptop, and a dental ID card.
